

Witness "The Hoodlum" at the Patriot Tonight, Friday and Saturday! A Good One!

MINERS' STRIKE BEING KEENLY FELT HERE

In pursuant to the orders issued by the Government Fuel Committee all business houses in Dickson, beginning Tuesday, were closed at 4 p. m., to open at 9 a. m., except grocery stores and meat shops, which are permitted to run open until 6 p. m., every day except Saturday, when they will be permitted to remain open from 9 a. m. to 9 p. m. with the understanding that they are to use as little fuel for heating and as little light as necessary to carry on the business during these three extra hours.

Restaurants, hotels and drug stores are permitted to remain open but are not allowed to sell anything but food and drugs.

Garage come under the 9 a. m. to 4 p. m. rule, except where storage space is sold. In this case it is held that the night watchmen at these storage places may permit cars to come in and to be taken out after these hours, but there is to be no sale of gasoline, tires, accessories, etc.

This step is taken by the Government owing to the shortage of fuel throughout the country, caused by the coal miners' strike.

The shortage of fuel in many sections has forced industries to shut down, and if the coal mines stay closed many more days, practically every industry using coal will be forced to cease operation, as will also the railroads.

Mayor Henslee says that unless the City can get some assurance that they can get more coal at once, the electric light plant will have to close down in order to reserve fuel enough to operate the water pumps to protect the City in case of fire.

Twentieth Century Club.

The members of the Twentieth Century Mothers' Club are requested and urged to come on time—2:30, December 9, at which time Mrs. Pitt Henslee will be hostess.

Besides the regular Mothers' Club program, Joel Chandler Harris, one of our most beloved southern writers, will be interestingly and instructively discussed.

Please remember the time, 2:30, and let us begin on time so that mothers may be able to get back to their home duties on time.

Victory Week at

First Baptist Church.

Victory Work began last Sunday and the attendance and enthusiasm at the First Baptist Church was at high tide.

The sunrise prayer meeting was well attended and repaid those who came.

At the morning service \$6,300 was subscribed on the Baptist 75 million campaign.

At 2 o'clock the teams under the leadership of the three captains, O. V. Clark, J. M. Wyans and J. E. Thomas met at the church. A short prayer service was held and the teams left the church to canvass the membership. At 6 o'clock lunch was served at the church for

the workers and report turned in. More than \$2000 was reported from the afternoon's work. At the close of the evening service \$550 was added. Monday night \$275 was reported. The total now stands at \$9,165.00. There is great rejoicing among the members of the church and their friends over the success of the campaign. The total will not be known until next Monday night when the final returns are canvassed. About seventy-five members of the church have contributed and great hopes are placed on the liberal response of the remaining members who are yet to be canvassed.

Duck River Out of Banks in Hickman.

Centerville, Tenn., Nov. 28.—(Special).—The heavy rains that have fallen in this section for the past two days have put Duck river, which runs through this county, out of its banks and great damage has been done to the corn crop in the low bottoms in the valley of the river. Reports received this morning by the Banner correspondent indicate that not less than 3,000 barrels of corn have been ruined by the overflow in the vicinity of Centerville, with an approximate value of \$25,000, and it is reported that along the stream of Piny river and Swan creek, two of the largest tributaries to Duck river in this county, several hundred barrels of corn were washed away. It is estimated that not less than \$40,000 worth of corn was destroyed in this county by overflow, which is considered a great blow to the farmers, as the crop of corn was very short here, caused by the continued drought in the summer and the usual wet spell this fall.

Corn is selling here for \$8 per barrel, which is the highest price ever paid for corn at gathering time.—Nashville Banner.

Tonic For Preacher.

The members of the First Baptist Church "pounded" Rev. W. W. Woodcock on Wednesday evening just before the prayer-meeting service. The pounding was administered at the parsonage and many groanings were heard from the dining table, which was loaded to capacity with good things to eat.

This treatment is highly recommended to all churches, who wish to tone up their pastors, and good results are guaranteed.

At the meeting of the City Council, Monday night, December 1, after the reading of the minutes, Atty. J. A. Clement appeared before the council as attorney for Mrs. Bettie Matheny, in a suit instituted by her several years ago against the city for personal injuries. A proposition was made by Mr. Clement to compromise the suit by agreeing to accept \$100.00 as a settlement for his client, the town paying the court cost. The proposition was accepted.

Hon. Pitt Henslee, chairman of the City School Board, appeared before the Meeting in behalf of the colored scholastic population of the town, asking a donation to assist the colored people in the purchasing of a suitable lot for a school building. An appropriation of \$120.00 was made. It is understood the county will do its part, and the colored people of the town will raise \$300.00. On account of not having a building to teach in the colored children are denied a school this year. The plan is to buy a lot and build a modern building next spring.
